SEALIFE

# Larimar 30

## BORN TO THE WAVES

Larimar was created to explore all the shades of the sea: from the crystal clear waters of the creeks to the deep blue of the open ocean. The same shades that make the gem from which it takes its name as precious as unmistakable. Originally from the Dominican Republic, this stone preserves the hue of the Caribbean sea, which seems to have been originated. Just like Domino Larimar, between the feather in the yard cap. Speed performance and seaworthiness are at the top of the category. The evolved study from the smallest details of the profile of the hull and the perfect integration of the air chambers in the hull, give sailing a sense of absolute control. Stable in all conditions, tranquil in the responses also in rough seas, Larimar slides over the waves with unexpected lightness.

## EN PLEIN AIR

The large sundeck areas fore and aft – convertible into a comfortable sofa astern – are covered in “Movida” fabric, a closed cell cover pleasant as the skin to the touch, but state of the art cutting-edge for strength and technology. The driving seating and console, designed to dominate the boat and the horizon, is based on the criteria of rationality, two ergonomic seats give hospitality to the pilot and the copilot that can control all utilities with a finger.

## THE REST OF THE WARRIOR

But it is under the deck where quality design and finishes are appreciated even more. Every inch is used to ensure a comfortable stay, each room is finished with high-quality, functional coatings and accessories:

a full bathroom with shower, double cab covered in bleached oak, spacious and bright. Because after a day spent to dominate waves is nice to give up to a little well-deserved rest.

# Larimar 30

Length f.t. mt. 8.75

Width max mt. 3.14

Weight 1.600 Kg

Deadrise angle of 23°

Passengers n° 14/2

235 Kw Max recommended E.F.B. 268 Kw F.B.

Approval CE cat. B

**Version S.D.V. Price € 76.000**
